

Digital workplace

Create a user-centric workplace to accomplish your mission

Perspecta digital workplace offerings deliver a consumer-like experience, tailored for the government user. Our digital workplace offerings help people accomplish their work according to their own work style. From Microsoft Office 365 to mobile applications to service desk, our solutions connect people to their applications, information and co-workers from any device and any location. The result: improved productivity, collaboration and user experience.

Creating a user-centric workplace

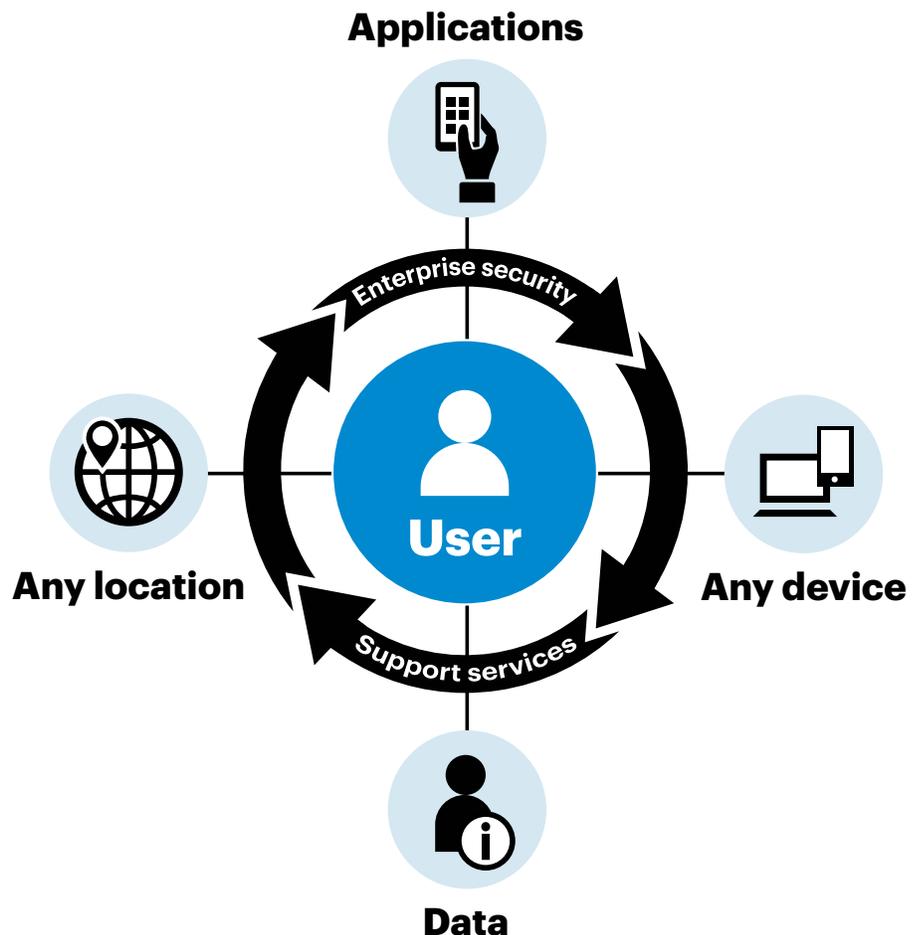

Our solutions create user-centric workplaces with a consumer-like experience, enterprise security and instant collaboration, all tailored to the government user.

Benefits

- Defined transformation path to a digital workplace
- Improved Office 365 security through hybrid support designed to government standards
- Enable users with the flexibility to seamlessly move between their office devices and mobile devices
- Secured data at rest and in motion wherever it resides
- Virtualization solutions that enable flexibility, increased productivity and improved security

Visualizing the digital workplace

- The digital workplace provides devices, applications and data in the way the user needs to accomplish the mission. Critical to this are integrated support services that continuously enable the user

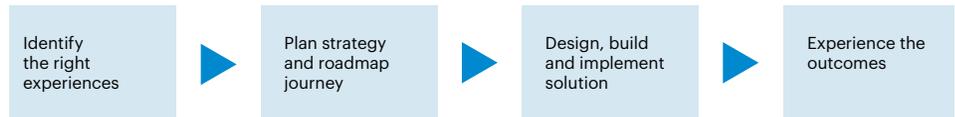

Why Perspecta

- We provide and manage 50,000 devices and productivity services for NASA
- At the Department of Homeland Security (DHS), we manage 35,000 mobile devices, 122,000 mailboxes and 28,000 Office 365 users
- Perspecta has more than 1,000 service desk agents supporting the U.S. federal government
- We manage more than 430,000 devices across the U.S. federal government
- Perspecta supports the Defense Health Agency (DHA) Global Service Center, assisting 140,000 healthcare providers/admins and 9.6 million Department of Defense (DoD) beneficiaries
- In 2016, our service centers received and resolved more than 7 million contacts across contract channels, including phone, self-service, web tickets, email and chat
- We manage more than 1.2 million email mailboxes across the U.S. public sector
- In support of the Department of Housing and Urban Development, we have managed 1,500 mobile devices using Microsoft Intune

Our approach

Our goal is to drive the best possible organizational outcomes for your enterprise. We start by understanding the user experiences you are trying to create, and we work closely with you all the way through implementation.

Digital workplace offerings

Digital workplace advisory services

Expert consultants to help develop clear, actionable solutions to challenges and information obstacles.

Converged mobility and workplace management

Give secure access to desktops, applications and data from any device, anywhere – transforming the traditional workplace.

Services for Office 365

Advisory, transformation and ongoing management services for migration to Office 365 cloud-based productivity services.

Unified communications services

Whether delivered from the cloud, on premises or as a hybrid in a highly available architecture, we deliver quality and performance.

Campus and endpoint connectivity

A flexible, mobile workforce with advanced, secure, automated and intelligent campus and remote-branch-network infrastructures.

Workplace support services

A market-leading suite of service desk and site support services with the ability to deliver end-to-end support of IT and C4ISR equipment and software.

About Perspecta

At Perspecta (NYSE: PRSP), we question, we seek and we solve. Perspecta brings a diverse set of capabilities to our U.S. government customers in defense, intelligence, civilian, health care and state and local markets. Our 260+ issued, licensed and pending patents are more than just pieces of paper, they tell the story of our innovation. With offerings in mission services, digital transformation and enterprise operations, our team of 14,000 engineers, analysts, investigators and architects work tirelessly to not only execute the mission, but build and support the backbone that enables it. Perspecta was formed to take on big challenges. We are an engine for growth and success and we enable our customers to build a better nation.
